Appl. No.: 10/575,703

International Filing Date: October 14, 2004

Title: CONTENT USE CONTROL DEVICE, RECORDING DEVICE, REPRODUCTION DEVICE, RECORDING MEDIUM, AND CONTENT USE CONTROL METHOD

Attorney Docket No.: 1907-0233PUS1

Pub. No.: US 2007/0124251-A1

Pub. Date: May 31, 2007

This is a decision on the request for a corrected patent application publication under 37 CFR 1.221(b), received on August 9, 2007, for the above-identified application.

The request is DISMISSED.

Applicants request that the application be republished because the title of the invention, "Content Use Control Device, Recording Device, Reproduction Device, Recording Medium, And Content Use Control Method," is misprinted as "Content Use Control Device, Reording Device, Reproduction Device, Recording Medium, And Content Use Control Method" in the patent application publication.

37 CFR 1.221(b) is applicable "only when the Office makes a material mistake which is apparent from Office records. Any request for a corrected or revised patent application publication other than as provided in paragraph (a) of this section must be filed within **two months** from the date of the patent application publication. This period is not extendable." A material mistake must affect the public's ability to appreciate the technical disclosure of the patent application publication, to determine the scope of the patent application publication, or to determine the scope of the provisional rights that an applicant may seek to enforce upon issuance of a patent.<sup>1</sup>

The request for corrected publication, received on August 9, 2007, was not timely filed under 37 CFR 1.221(b).

On March 12, 2007, a Filing Receipt was mailed by the Office, which reflects the incorrect title. To avoid this type of problem in the future, applicants' representative should review the Filing Receipt and make a request for a Corrected Filing Receipt.

<sup>1</sup>Changes to Implement Eighteen-Month Publication of Patent Applications, 65 FR 57023, 57038 (Sept. 20, 2000), 1239, Off. Gaz. Pat. Office Notices 63, 75 (Oct. 10, 2000) (final rule).

Applicants are advised that a "request for republication of an application previously published" may be filed under 37 CFR 1.221(a). Such a request for republication "must include a copy of the application in compliance with the Office electronic filing system requirements and be accompanied by the publication fee set forth in § 1.18(d) and the processing fee set forth in § 1.17(i)." If the request for republication does not comply with the electronic filing system requirements, the republication will not take place and the publication fee set forth in § 1.18(d) will be refunded. The processing fee will be retained.

Any request for republication under 37 CFR 1.221(a) must be submitted via the EFS system as a "Pre-Grant Publication" and any questions or request for reconsideration of the decision should be addressed as follows:
